

Be sure to place this information in all files. I will deduct 1 point for each file missing this information.

```
// Your Full Name
// Your Email @my.smccd.edu
// CIS 255 WJ
// File Name
// File Description
// Lab #
// Date
```

Do exercise 15.10 on page 668. Name the application RandomCharacters. You should draw at least 15 random characters in random positions with each with a random font size, style, and color. These should be printable characters – see page 1413.

Your name should appear on the title bar of the window. You must follow the Programming Guidelines handout.

SUBMIT: All files must be compressed into a single zipped file named lab5.zip and uploaded to WebAccess. Find the week that the lab is due and click on the upload link. You must use PKZip or a similar utility to compress your files.
